

SUMMARY: Pursuant to the Federal Advisory Committee Act, 5 U.S.C. app. 2, notice is hereby given that the National Institute of Standards and Technology's (NIST's) Manufacturing Extension Partnership National Advisory Board (MEPNAB) will meet to hold a meeting on Wednesday, January 13, 1999. The MEPNAB is composed of nine members appointed by the Director of NIST who were selected for their expertise in the area of industrial extension and their work on behalf of smaller manufacturers. The Board was set up, under the direction of the Director of the NIST, to fill a need for outside input on MEP. MEP is a unique program consisting of centers in all 50 states and Puerto Rico. The centers have been created by a state, federal and local partnership. The Board works closely with the MEP to provide input and advice on MEP's programs, plans and policies. The purpose of this meeting is to delve into areas the Board selected at the previous meeting. The agenda includes a presentation on "1999: The Year of the Small Manufacturer", MEP 1999 Program Priorities, an overview of the Year 2000 initiative, and a status update on the Board's Subcommittee, Review of Center Evaluation. The portion of the meeting, which involves personnel and proprietary budget information, will be closed to the public. All other portions of the meeting will be open to the public.

DATES AND ADDRESSES: The meeting will convene on January 13, 1999, at 8 a.m. and will adjourn at 3:30 p.m. and will be held at the National Institute of Standards and Technology, Building 101, Lecture Room B, Gaithersburg, Maryland. The closed portion of the meeting is scheduled from 8–9:30 a.m.

SUPPLEMENTARY INFORMATION: The Assistant Secretary for Administration with the concurrence of the General Counsel formally determined on December 21, 1998, pursuant to section 10(d) of the Federal Advisory Committee Act, that these portions of the meeting may be properly closed because they are concerned with matters that are within the purview of 5 U.S.C. 522(c)(4), (6) and (9)(b). A copy of the determination is available for public inspection in the Central Reference and Records Inspection Facility, Room 6219, Maine Commerce.

MEP's services to smaller manufacturers address the needs of the national market as well as the unique needs of each company. Since MEP is committed to providing this type of individualized service through its centers, the program requires the perspective of locally based experts to

be incorporated into its national plans. The MEPNAB was established at the direction of the NIST Director to maintain MEP's focus on local and market-based needs. The MEPNAB was approved on October 24, 1996, in accordance with the Federal Advisory Committee Act, 5 U.S.C. app. 2., to provide advice on MEP programs, plans, and policies; to assess the soundness of MEP plans and strategies; to assess the current performance against MEP program plans, and to function in an advisory capacity. The Board will meet three times a year and reports to the Director of NIST. This will be the first meeting of the MEPNAB in 1999.

FOR FURTHER INFORMATION CONTACT: Linda Acierto, Assistant to the Director for Policy, Manufacturing Extension Partnership, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301) 975-5033.

Dated: January 7, 1999.

Robert E. Hebner,

Acting Deputy Director, National Institute of Standards and Technology.
